WASHINGTON

PARREN MITCHELL, MD

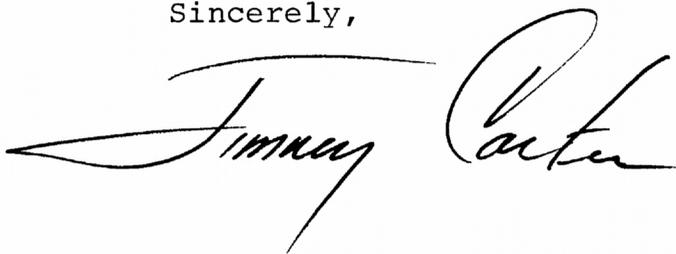

To Congressman Parren Mitchell

I was glad we had a chance to meet and to strengthen our basis for cooperation not only on the difficult question of Southern Africa, but also on U.S. policy toward Africa as a whole.

As you know, the problems and potential of Africa are increasingly attracting the attention and concern not only of Afro-Americans, but of more and more of the American public as a whole. I will value your advice and counsel as we develop American policy and explain it to our people.

I have asked Dr. Brzezinski to respond to the points raised by the Black Caucus.

Sincerely,

A handwritten signature in cursive script, reading "Jimmy Carter". The signature is written in black ink and is positioned to the right of the word "Sincerely,".
