Dear Mr. Crockett;

You must certainly be commended for being instrumental in the passage of the House Resolutions on September 18, 1984 which provided sanctions against the "government" of South Africa. Please let me know how I can obtain copies of the Resolution(s) condemning South Africa for its detention of Nelson Mandela.

More importantly, please let me know what (no matter how small) I can do within any organization to formally change the apartheid policies of South Africa.]

Thank you, and may God Bless you.

Sincerely,

Ronald Anderson
