The Honorable George W. Crockett, Jr.  
House of Representatives  
1531 Longworth Building  
Washington, D.C. 20515

Dear Mr. Crockett:

Thank you for your recent letter regarding divestment. The Board of Trustees of Michigan State University took action in 1978 to establish for this University an investment policy which excluded equity holding of companies that conduct business in South Africa. I believe the Michigan State University Board of Trustees adopted its divestment policy for reasons very much like those articulated by Mr. John T. McTernan.

Sincerely yours,

C. L. Winder  
Provost
