Dear John:

As promised in my July 19 letter to you, I inserted your eloquent comments on divestment into the Congressional Record. I also took the liberty of sharing them with the officers of the major universities in Michigan.

I thought you might be interested in seeing their comments, so I've enclosed copies of letters I've received in response. I've also enclosed a copy of the Record of July 22, which includes your comments.

Hope to see you and Anne soon.

Sincerely,

Geo. W. Crockett, Jr.
Member of Congress
