JUN 18 1985

Dear Mr. Rose:

In response to your letter of May 15, 1985, regarding the current business activity of Wang Laboratories or any of its subsidiaries in South Africa, please be advised that Wang Laboratories has no operations, assets or employees in South Africa. Wang Laboratories formerly conducted business in South Africa through a subsidiary. The assets of the subsidiary were, however, sold in 1981, and the subsidiary (which has since been inactive) is in process of dissolution.

You may also wish to be aware that Wang Laboratories has recently endorsed the Sullivan Principles regarding South Africa. In this connection, I enclose a copy of the letter of our Chairman, Dr. Wang, to Reverend Sullivan.

Very truly yours,

Paul W. Sandman
