

FEB 27 1990

Dear Mr. Cockett Jr.,

We, as a school, think making drugs legal is very wrong. If America is a God governed country, why are there drugs here? God disapproves of them and so do we! There are many complaints about you in school newspapers. We think that kids, since they can't vote, should have some say in drug wars. You think drugs should become legal? Well, these people don't!
