A, Barry Seymour  
Detroit Office Manager  
Camp, Dresser & McKee  
Ford Building  
615 Griswold Street  
Detroit, MI 48226

Dear Mr. Seymour:

Thank you very much for your recent letter concerning funding for the Superfund program.

I share your concern with the future of the Superfund program because like you, I realize clean-up of hazardous waste is the most important environmental issue facing our nation.

As you may know, there is a strong possibility that House and Senate conferees may meet on the Superfund bill in the very near future. In the meantime however, the Environmental Protection Agency has sent to Congress a proposal to support the program while the Superfund conference continues.

Please rest assured, I will do everything within my power to make sure that clean up of health hazardous waste sites are continued.

I appreciate your writing me concerning this matter of mutual concern.

Sincerely,

Geo. W. Crockett, Jr.  
Member of Congress
