Mr. Elmer C. Cameron
Deputy Superintendent
Supplementary Education Services
Escondido Union School District
Fifth and Maple Street
Escondido, California 92025

Dear Mr. Cameron:

This is to acknowledge your correspondence expressing support for extending Title I of the Elementary and Secondary Education Act.

Title I of ESEA which provides financial assistance to local educational agencies for the education of educationally disadvantaged children is presently in committee markup and is expected to come before the full committee as amended within the next too distant future.

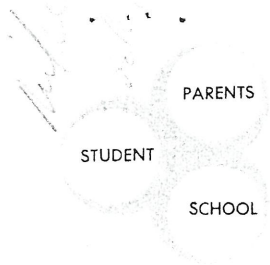

I am in total agreement with your thinking regarding the many children who could further benefit under the existing Title I program and you may be assured that I will support such legislation, once in full committee. I appreciate your writing and expressing your views.

Sincerely yours,

Augustus F. Hawkins
Member of Congress

Dear Sir:

Please support the pending legislation which will extend the ESEA Title I program for the next two years. It is especially important that this program continue. It is also important that if it is to continue that we have this decision from Congress early enough so that we will not have to discharge some of our excellent teacher aides.

I am proud to say that our district expends very few dollars for the administration of the program. Most of the funds from Title I are used in the program directly effecting the teacher and the students.

Thank you for your continued support.

Sincerely,

Elmer C. Cameron, Deputy Superintendent
Supplementary Education Services

Dear Sir:

I was recently told that the representatives are thinking about extending the Title I Program for Disadvantaged Children. I hope you and the other members of the House of Representatives give this serious consideration.

We have many children who need additional help in school.

Sincerely,

Elmer C. Cameron
