Dear Clarence:

Your wonderful telegram is one that I will always value and cherish, all the more so because of my profound respect and friendship for you.

I cannot begin to tell you how much I appreciate your message.

To know that you think well of my efforts is just about the nicest encomium I can think of.

Please accept my heartfelt thanks and, as always, my every best wish. As I wrote you last week, your part in the recent Senate action on the civil rights bill was indispensable, and I shall neglect no opportunity to give credit where credit is due.

Faithfully yours,

Edward W. Brooke
