To M. Georges Crockett
Congressman of the
United States of America

Dear Sir,

The African Jurists Association has the honour of reminding you that you have been chosen by an international jury as winner of the Nelson Mandela Award for peace and human rights.

You have been given this award in recognition of the valuable campaigns you have carried on in the United States to make known and to fight the apartheid regime.

The prize ceremony will take place in Africa, at a date and a place you will be informed about very soon.

To give you a better insight in our organisation some documents have been enclosed.

Awaiting the favour of your answer,

Sincerely yours,

The President of the A.J.A.
