Dear Dr. Walters:

Thank you very much for your detailed and informative analysis on the relationship of the front line states with South Africa and the need for a comprehensive U.S. foreign policy with regard to Southern Africa. I appreciate your input and certainly will consider your recommendations as we seek in Congress new strategies to deal with South Africa and its racist policy of apartheid.

Once again I would also like to thank you for your participation in the CBC workshop on Blacks and U.S. Foreign Policy last October. As usual, your contribution was an invaluable one.

Sincerely,

Geo. W. Crockett, Jr.
Member of Congress
