JUN 14 1985

Honorable Charlie Rose  
Chairman, Subcommittee on Office Systems  
722 House Office Building, Annex 1  
Washington, D.C. 20515

Subject: GENICOM Corporation Business in South Africa

Gentlemen:

The following is in response to your letter of May 15, 1985 directed to our Rockville, Maryland office at 6110 Executive Boulevard.

GENICOM currently does not sell products to the country of South Africa. However, our subsidiary, GENICOM International Ltd. located in London, is currently searching for a qualified distributor in South Africa to buy for resale our line of printer products.

Additionally, we have recently sold to a customer in South Africa a small order of hermetic relays valued at less than \$200.

There is no other current activity.

Your truly,

*John V. Harker*

John V. Harker  
EXECUTIVE VICE PRESIDENT
