Dear Rep. Crockett  
As a long-time member of TransAfrica and one who is highly concerned about U.S. foreign policy as it relates to South Africa, I am writing to let you know that I strongly support your House Bill, which calls for a ban on all American Athletes and Entertainers from traveling to and playing and performing in Apartheid South Africa. However, what I would like from you is a copy of the legislation you ~~introduced~~ introduced, for I would like to put it in the city's only Black newspaper, as well as mobilize people in this area to write letters in support of the bill. And Representative Crockett, if there is anything I can do to help support this bill in any way, please let me know. So please send me a copy of the legislation right away. Thank you very much.

Sincerely yours,  
Rodney L. Regan.
