Dear Sirs:

On May 15, 1985 a letter was sent to you regarding the concern of several Members of Congress relative to companies doing business with the country of South Africa. This letter was mailed to all companies currently on the House of Representatives' Approved List of Equipment, and June 15, 1985, was the deadline set for receipt of a notarized statement to the Subcommittee on Office Systems advising the Subcommittee of the current business activity of their company or any of its subsidiaries with South Africa. According to our records, we have received no statement to this effect from your company.

Please submit your statement to the Subcommittee on Office Systems immediately. It is necessary that all vendors, included on the approved list of equipment provide this information.

Sincerely,

Charlie Rose
Chairman
Subcommittee on Office Systems
